"In my dealings with Ms. Carlock, I have found her to be able to analyze and interpret quite complex statistical data and present it in a clear and comprehensible manner (in both Microsoft Excel and Word)."

"Liz is great at managing projects with lots of detail. She allows people enough room to do their jobs, but jumps in if there are problems she can help with. She has a soft-touch with people."

"Everything looks great; it's amazing how fast you picked up the system and were able to write so well about the subject."
